

Living Word Youth | High School | 2009-2010

CRASH: a collision with God | Sunday Mornings @ 9:15am

Students will connect with God through media, worship/prayer time, and relevant teaching. Oh, and we'll keep things fresh with fun stuff too. Adam will be teaching from the same text as Pastor Michael, and students will break out into groups to discuss their thoughts on what they've heard.

Small Groups: connecting in community | Sunday Evenings @ 5pm

We believe that growth happens best in small groups. We are rearranging our programming to make small groups a priority. High School students will have the opportunity to meet with other students of their same gender and age with two adult leaders on Sunday evenings. The schedule syncs up nicely if students participate in choir or their parents are a part of a group that meets on Sunday evenings.

Love the City: helping students to think about somebody besides themselves | Various times throughout the year

An outgrowth of faith should always be action. We seek to provide students with opportunities to meet the needs of the St. Louis community and beyond. We periodically will offer chances for students to serve as the ultimate example of their Christianity.

Special Events | Various times throughout the year

We recognize that students are social creatures. We aim to offer events that students are excited for, and want to bring their friends to. Being at a "church thing" where no one is yelling at you, making you sing, or telling you to throw away all your non-Christian t-shirts can be a very positive step!

Turn over for 2009-2010 Dates!

Living Word Youth | High School

2009-2010 Dates
