

Living Word Youth | Middle School | 2009-2010

CRASH: a collision with God | Sunday Mornings @ 9:15am

Students will connect with God through media, worship/prayer time, and relevant teaching. Oh, and we'll keep things fresh with fun stuff too. Adam will be teaching from the same text as Pastor Michael, and students will break out into groups to discuss their thoughts on what they've heard.

Small Groups: connecting in community | Sunday Evenings @ 4pm

We believe that growth happens best in small groups. We are rearranging our programming to make small groups a priority. Middle School students will have the opportunity to meet with other students of their same gender and age with two adult leaders on Sunday evenings. The schedule syncs up nicely if students participate in choir or their parents are a part of a group that meets on Sunday evenings.

Love the City: helping students to think about somebody besides themselves | Various times throughout the year

An outgrowth of faith should always be action. We seek to provide students with opportunities to meet the needs of the St. Louis community and beyond. We will periodically offer chances for students to serve as the ultimate example of their Christianity.

Half Day Hangouts | Rockwood Half Days | @ 11:30am

Nothing theological here. We want to offer students a place to hang out...on halfdays! We open up the youth room, have pizza, watch movies, play video games, and loudness ensues. We want to be a place where students bring their friends on these regularly occurring halfdays. We will have buses to shuttle kids from Selvidge, Crestview, LaSalle, and Rockwood Valley Middle Schools.
